EYE REMOVED BY SURGERY

Mr. Joseph Maynard, living just above the
Brick Yard on the Bull Creek road, had his
right eye removed on Thursday morning at the
Wilson Hospital by Dr. P. G. Smoot, assisted
by Dr. W. H. Taulbee.

This is the first time that this operation has
ever been performed in this city. The removal
of the one eye was necessary to save the sight
of the other. The patient is doing nicely.

SHOOTING THE CHUTES

Yesterday noon the C. and O. yard crew in
shifting cars from the main track onto a sid-
ing leading into Limestone street came near
overdoing the thing. When the car was cut
loose it glided down the heavy decline with
greased lightning rapidly, and owing to the
wet rails the brakes failed to check the car in
its rapid flight, and after smashing the bumper
into kindling wood continued its course across
Limestone street and came within two feet of
crashing into the building occupied by J. H.
Bradford as a saloon.

SMITH—PAUL.

Mr. Charles Wilson, aged 27, and Miss Lula
Thompson, aged 21, of Nicholas county, were
married yesterday in the office of Master Com-
missioner A. G. Sulser, Squire J. O. Pickrell
officiating.

An infant babe of Mr. and Mrs. Harry Wood
of near Lewisburg, whose death occurred
Wednesday, was buried in the Maysville Ceme-
tery yesterday.

Frank Jones of Milwaukee, Wis., and J. W.
Harrison of St. Louis, of the U. S. A. Hospital
Corps, in charge of horses being transferred
from Fort Myer, Va., to Fort Thomas, Ky.,
spent an hour or more here yesterday on ac-
count of detention. They were gentlemanly
and fine looking soldiers.

POOL MAY FAIL

**And \$100,000,000 Depreciation
in Land and Tobacco
Prices Will Follow**

**Declares J. F. Walton, Tobacco Ex-
pert—Some Inside Facts Bear-
ing on the Situation**

THURSDAY, OCT. 6, 1910.

Joseph F. Walton was asked yesterday by a
Herald reporter if he thought there would be
a Burley tobacco pool this year.

"I will answer you by saying that it is
very doubtful now," he said, "though things
change very rapidly sometime."

"How do you account for the farmers stand-
ing out the way they have been doing?"

"The way I see it is this: In 1907 the
Trust thought it would down the pool by raising
the price, and failed. In 1908 the same tactics
were used by raising the price still higher, and
by also bringing in some outside help from
Virginia and North Carolina to show our people
how to operate loose leaf houses."

"Now these men are here, in Maysville and
several other points teaching the farmers.
They have been in the loose leaf business for
years in Virginia and North Carolina helping
the 'poor farmer' in all that poor country get
from 5 to 7 cents."

"These men, in the hands of the Trust, have
interested a great many of our best farmers to
get in the loose leaf business and also make
money. Every warehouse in Lexington, ex-
cept one or two, are owned by land owners in
this and adjoining counties."

"These farmers are the pick of the county,
are good men and business men. I think they
have thoughtlessly taken up the fight for the
Trust with disregard for their brother farmer
or the future of the country."

"Mr. Toews has told us the price for this
year, and if he had not, common sense would
have done so. The difference of 5 cents a
pound on the warehouse farmer's tobacco, along
with the depreciation of his lands, will be more
than his profits made by selling his neighbor's
crop at a low price."

"It looks as if Lexington will be a big
market. Mark my prediction, in three years,
if the pool goes down, warehouse stock will
not be worth 25 cents on the dollar. The
Cincinnati and Louisville warehouse stock went
down to 25 cents. If the pool goes down,
they will have country buyers in nearly every
county this year."

"By next year, with tobacco at six and
seven cents on the loose leaf floors and worth
the same price at the American Tobacco Com-
pany's plant, the farmers will not want to pay
the warehouse a commission."

"A big farmer, buyer and tobacco grower of
Nicholasville said to me Saturday that the de-
claring off of this pool would cost the State
one hundred million dollars in the depreciation
of lands and tobacco. He said that the land
near Carlisle before the pool was worth from
\$40 to \$50, and was now valued from \$20 to
\$30. He said that if the pool was declared
off the land would return to its former value."

"The farmers who went into the warehouse
business entered it, not thinking that they
would be tools in the hands of the Trust or
that they would destroy the price of tobacco.
Personally, I know quite a number of these
gentlemen, and am sorry that they have taken
such a stand in the matter."

"If the pool goes down, anyone can readily
see that tobacco will be handled as it was be-
fore there was a pool. The pool built the
warehouses, and the downfall of one means
the downfall of the other."

With a constantly aching back;
With annoying urinary disorders.
Doan's Kidney Pills make work easier.
They cure backache.
They cure every kidney ill.

Frederick Dressel, 1238 East Second street,
Maysville, Ky., says:

"I consider Doan's Kidney Pills to be a most
excellent remedy for kidney trouble and am only
sorry I did not speak in their favor. About five
years ago I was bothered by weak kidneys and
the secretions from these organs were scanty
and attended with pain during passage. Sharp
twinges across the small of my back were com-
mon and at times greatly interfered with my
work. On telling a friend of my condition,
he advised me to use Doan's Kidney Pills and I
procured a box at J. J. Wolf's Drugstore. I
used them according to directions, and they
afforded me relief."
